

# 250

**250 companies have been launched based on research conducted at the University of Washington.**

Source: Tripp Umbach, *The Economic and Societal Impacts of the University of Washington*, July 2010

The Seattle Times and five other civic-minded organizations are leading a year-long public-service effort to highlight how essential higher education is to the greater good. Spending on higher education is the state's best long-term investment in jobs and quality of life.

Funding our state universities today is essential.  
**Our future depends on it.**

THE GREATER *good* CAMPAIGN
