

# ENVISION

SHOULDN'T ALL STUDENTS IN WASHINGTON STATE HAVE ACCESS TO AN EDUCATION THAT PREPARES THEM FOR A CAREER?

Our high school graduates face daunting obstacles in their pursuit of higher education. Lack of preparation, soaring tuitions and diminishing access are making college out of reach for many. That's not just bad for students — it's detrimental to our entire economy.

It's time to reverse this abysmal trend — and ensure all of Washington's students have the preparation and opportunity to pursue post-secondary education so more jobs in our state can go to the college graduates in our state.

Join us in reminding our state's elected officials of their commitment to maintain funding for higher education. It is critically important to job growth and the overall strength of our economy — *for the Greater good.*
